## CERTIFICATES.

From Henry Morse, Ex Judge of Court of Common Pleas.

This is to certify that we have used the Cough Candy of HOWE & CO., and do with confidence cheerfully recommend it to those afflicted with Coughs, Colds, &c.

H. MORSE, Manufacturer of Patent Force Pumps, Ornamental Cast Iron Fountains, Fire Engines, &c.

Cincinnati, Aug. 11, 1847. D. S. FANNUM, From D. Tuttle, Proprietor of the City Hotel.

MESSRS. HOWE & CO. Gentlemen:—It is with much satisfaction that I have in my power to testify to the efficiency of your Cough Candy. I have used it and know it to be a valuable and certain remedy for Coughs and Croup, and as such commend it to the public.

Cincinnati, Aug. 16, 1847. D. TUTTLE, From Wm. Young, Presiding Elder, of the Methodist Church, Cincinnati.

Ms. Howe:—Not long since while laboring under the influence of a painfully embarrassing hoarseness—occasioned by cold and speaking in the open air—a friend handed me a piece of your "Hoarhound and Liverwort Candy" from the use of which I experienced great and almost immediate relief—since then I have frequently used it with the same beneficial effects. I therefore feel no hesitance in recommending your Candy as a certain specific for Coughs, Colds, Hoarseness, &c.

**AGUE & FEVER.**  
 CHILL or Intermittent Fever, and the various forms of BILIOUS DISEASE, permanently cured by DR. COLIN S. MACKENZIE'S TONIC FEBRIFUGE.

A SOVEREIGN remedy for Ague and Fever.—This Great Remedy to which the public attention is particularly called, has been extensively used in the western & south western states, as a speedy safe and certain cure for Ague and fever, Dumb Ague, Chills, or Intermittent Fever.

The unexampled and complete success attending its use; and so well proven have become its wide spread victories over every form of Ague in the west that the "Febrifuge" is now superseding every other offered remedial agent, and looked upon as the only one that can be relied upon in all stages of the disease.

The many thousands of instances wherein it has wrought cures, while a instance is known, nor can be shown of failure, warrants it in being offered as possessing the three cardinal merits, without which no medicine can be safely used in Ague cases. These merits are, that it cures in a certain, certain and permanent, C. S. Mackenzie & Co. Cleveland Ohio, proprietors.

**Mackenzie Compound Liver Pills.**  
 The truly Celebrated Pills.

NOW properly esteemed in all neighborhood where they have been used, were first made some twelve years ago by the proprietor, from a Vegetable Extract, and then recommended by him as a superior Bilious Pill. He then resided in an eastern City. On his removal to the west, in 1836 he was soon forced to observe the very general complaint then and now prevalent, of a diseased state of the Liver. The Liver Jaundice &c. His long experience of the primary causes, and disastrous results of an affection of this important working organ of the human frame, and possessed as he was of a practical knowledge of the specific action produced in that organ (the Liver) by the Extract so successfully resorted to by him in eastern practice induced the Proprietor to his Pills a trial in those diseases where Chronic or Torpid State of the Liver was complained of. The result in every instance, so far as he has been informed, has shown their Complete Triumph over that disorder. Thus convinced of their complete efficacy, he has ever since invariably recommended them; and thousands who in the health-restoring use of them have been benefited, now bear witness to their powerful effects in ridding the system of all those diseases connected with or dependent upon an unhealthy state of the Liver, such as Bilious and other Fevers, Jaundice, Dyspepsia, Sick Headache, Flatulency, Heartburn, Habitual constiveness, &c.

In view of all these facts, the proprietor in recommending his Compound Liver Pills, does so with the greatest confidence in their properties of preventing and curing Bilious Diseases. He assures those who may have occasion to use them, that they are strictly what they purport to be, being prepared expressly for the afore mentioned diseases. They act specifically on the Liver and Viscera; remove all congestive action and morbid secretions; purifying the blood; causing a free and healthy discharge of bile strengthening the system, and assisting digestion.

# VERY IMPORTANT COMMUNICATION

TO ALL PERSONS IN ALL PLACES, At all times.

**And under all Circumstances!**  
 If you are sick, get cured; if well, employ measures to continue so. Every individual indulging in habits, which must, to a greater or lesser extent, derange the admirable and intricate combinations which form the system, and consequently

EVERY INDIVIDUAL should possess some mild, yet efficacious, simple and accredited agent for preserving all functions of the body in good order.

DR. WOOD'S SARSAPARILLA AND WILDER'S BITTERS will achieve this result, and should be in every family, and in the hands of every person, who, by business, profession or general course of life, is predisposed to the very many little ailments that render life a curse, instead of a blessing, and finally result in their aggregated condition in the cause OF DEATH.

The Bitters here mentioned are compounded by a man of great skill and knowledge, from the simplest Nature presents to those who care to find them, and which are the only reliable antidotes to the poison of disease. The chief ingredients are the universally beloved Sarsaparilla and the Bark of the Wild Cherry tree, with which the red man of the forest cures nearly every ailment of the internal organs. These materials, though powerful in their action, are, as common sense teaches us,

ENTIRELY HARMLESS.

And prepared as they are here, one of the greatest medical operations in the inhabitable globe. By taking these BITTERS, the scrofulous may be restored to beauty; and avoid the sharp knife of the surgeon; for they not only eradicate pimples and tumors, but overcome

CANCER AND KING'S EVIL!

Whoever is subjected to the horrors of constipation should at once purchase this simple remedy. In the train of Costiveness follow dreadful local congestions, oftentimes insanity, very frequently mania or hypochondria, violent headaches, palpitations, and other affections of the heart, and rheumatic swellings.

Dr. Wood's Compound is one of the most efficient medicines in routing these complaints, and their fountain head that can possibly be procured.

From being confined in close rooms, and from taking a small modicum of exercise, numerous persons daily are made to deplore a loss of appetite, headache, weakness of the muscles, languor want of energy sufficient to permit them to seek recreation, &c. &c. These persons say for years that they "don't feel very well." If they do not employ a method by which they can feel quite well, they eventually sink under a severe fit of the Bitters.

SAVED FROM THE GRAVE only by a miracle, and even then the lancet, leech, blister and calomel have left them more shattered hulks, full of aches and sorrows, and not only a pest to themselves, but a source of disgust and annoyance to all with whom they come in contact. All these

FEARFUL CONSEQUENCES may be avoided by an early application to the virtues of these BITTERS.

Whoever takes the oath of the proprietor pledges his word and honor, and in evidence can show files of undoubted certificates which he has received unsolicited from all quarters. He does not however, ask the invalid to swallow his certificates, but his BITTERS, and is willing to stake all he holds dear on earth in favor of their worth.

THE DYSPEPSIA, in either a modified or severe form, will disappear before the qualities of Dr. Wood's preparation, and the cure may be relied on as a permanent one. Did the BITTERS possess no other recommendation, it would be one of the finest vegetable compounds medical science can invent; but it is equal to the complete eradication of LIVER COMPLAINT.

In every shape, and of every affection, minor or greater, of the liver apparatus. Individuals who are constitutionally bilious ought regularly to take this mild agreeable and excellent TONIC AND PURGATIVE, as it will diffuse health throughout every fibre of the frame, and send happiness and love of life thrilling to the heart. Families ought to keep it on hand.

Every medicine chest on board ship should also be well stocked with this capital remedy, as "SCURVY" cannot afflict those who take it, or long resist its vigorous assaults. ALL IMPURITIES OF THE BLOOD vanish before it, and the old relics of early imprudence invariably disappear, soon after being submitted to its action. Every complaint of the stomach is broken by it. THE BITTERS have in no instance failed of curing JAUNDICE, GENERAL DEBILITY every disorganization of THE NERVOUS SYSTEM.

By neglecting the little troubles made upon the latter a vast portion of our fellow beings are rendered extremely miserable—so miserable, indeed, that they wish to die. Every bottle of "Dr. Wood's Sarsaparilla and Wild Cherry Bitters" contains a modicum of joy and content for each of these anxious and imprudent sufferers. Remember that an injudicious use of mercury is the chief cause of many evils which are put to flight by this glorious and unsurpassable compound; and that afflictions which are

HEREDITARY may speedily and safely be shuffled off through its agency. As a medicine which must benefit EVERYBODY

from the strictly delicate to the confined and despairing invalid, no equal is to be found for it. It would be well to bear in mind that physicians are more desirous than cure, and that Dr. Wood's Sarsaparilla and Wild Cherry Bitters ARE BOTH.

Put up and sold in large bottles, at \$1, by WYATT & KETCHMAN, Wholesale and Retail Agents, 121 Fulton-st., N. Y., and by

**HEALTH HEALTH THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAFITIA.**

THE ONLY CURE FOR THE CURS OF CONSUMPTION, Asthma, Bronchitis, Spitting Blood, Pain in the Side and Breast, Sore Throat, Hoarseness, Palpitation of the Heart, Whooping Cough, Croup, Hives, Nervous Tremors, Liver complaint, Diseased Kidneys, and Affections generally of the Throat, Breast and Lungs.

Of all the diseases incident to our climate there is none so universal, and at the same time so insidious and fatal, as Consumption. In this country especially, Pulmonary Consumption is emphatically a scourge and in its resistless career sweeps over the land as a Destroying Angel, laying low, with relentless hand, the strongest and fairest of our race. Hitherto all efforts to conquer this dreaded and cruel disease, and all that seemed within our power was at best alleviation of suffering, rendering somewhat smoother the certain progress to the tomb.

The proprietor, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reasons which it founds its superior claims to the attention of the afflicted, that all who require its use may repose full confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances; but he was determined not to offer it to the public until he had become thoroughly convinced of its efficacy. Having such conviction, he now confidently offers it as a remedy without a parallel for the cure of PULMONARY CONSUMPTION and its kindred diseases.

Let the following speak for itself.

"I have used 'THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAFITIA,' for some time in my practice, and have found it the most efficient remedy I have ever used in Consumption, Chronic Cough, Catarrh, etc., when great irritability with weakness of the pulmonary organs, existed. The rapidity with which it acts is greatly in its favor where dyspnea or oppression exists, when is immediately relieved by it."

"In Pulmonary Consumption it can be used with confidence, being applicable to every form of that disease, and I consider it a medicine well worthy the attention of Physicians, and exempt from the imputation of empiricism."

M. CHAMBERS, M. D. Philadelphia, Oct. 11th, 1846.

The above medicine prepared only by ALBERT & DICKSON, at N. E. corner of Fifth and Spruce Streets, Philadelphia. Sold by C. BELL, Evansville, and respectable Druggists generally.

Price 50 cents or \$1 per bottle, beware of imitation. nov 4, 1847

# WHOLESALE JOBBING HOUSE.

## J. H. MAGHEE & CO.,

MAIN STREET, EVANSVILLE, INDIANA.

ARE now receiving their Fall and Winter stock of DRY GOODS, BOOTS AND SHOES, HATS, CAPS, BONNETS, &c., &c., consisting of about **Thousand Packages** of every style and variety, which they offer to the trade entirely at Wholesale, having retired altogether from the retail business.

These goods were purchased mostly at Auction, by one of the Firm who has a thorough knowledge of the markets; and we can and will sell them as low as any House in the West. We invite Merchants and Dealers to call and examine for themselves.

## TO THE PUBLIC.

It has been truly said that the Supreme Ruler of the Universe never created a disease without a remedy for its permanent and radical cure—and it is a remarkable fact that the remedy is always found in the greatest abundance where the disease exists to the most alarming extent. Thus it is with the Fevers and their remedies. In all low, wet, and swampy countries we find Fever and Ague, and Fever in all its variety forms, carrying hundreds to an untimely grave yearly; we also find the Willow, and the Boneset, in their greatest perfection, and it is from these two most valuable Tonics to be found in the vegetable kingdom that the only certain and positive cure for Fever and Ague has been obtained.

WILDER'S SUGAR COATED VEGETABLE ANTI-FEVER PILLS are prepared from an extract procured from the Willow, Boneset, and Cayenne Pepper, by a new chemical process of their own discovery, and are immediately coated first with gum arabic and then with sugar, which protects the extracts from the atmosphere, thereby preserving the medicinal properties as pure in the Pills as they are in the living plants. These celebrated Pills have become so famous for their virtues in curing Fever and Ague, and all other Fevers, that but little need be said of them. Their action upon the system is wonderful, so wonderful that a child or fever of any kind, no matter of how long standing, will yield to their operations almost immediately, and rarely takes more than one or two days to effect a perfect and lasting cure. Wherever they have gone they have universally superseded the use of any other remedy, and they only need a trial to convince every one that they are far superior to a remedy ever administered for the cure of these most obstinate oppressions of the human frame, for which they are recommended.

The discovery of this medicine has been the effect of long and attentive study, and was made public from the most intricate conviction, founded on ample experience of its powers of eradicating from the system the most intractable cases of Fever, after all other medicines had failed. The cures performed in the city of Louisville alone are sufficient to establish its superior virtues on a basis too solid to be affected by the malignity of the envious. It is worthy of remark, that the greater part of those persons who have been permanently cured had previously resorted to all other known remedies, and numbers had been abandoned as beyond the reach of medical skill. Such is the fact, and so extraordinary were many of the cases cured, that they will satisfy the most incredulous that Wilder's Sugar Coated Vegetable Pills are the only effectual remedy ever discovered that will positively cure Fever and Ague, and Fever in its various forms.

We have in our possession hundreds of certificates from the most respectable sources; as it would however be swelling the length of this advertisement unnecessarily, we avoid publishing, and will refer all those who doubt the merit of these Pills to the following well known and respectable merchants, all of whom have sold large quantities, and have had every opportunity of seeing the remarkable cures performed in cases where every other remedy failed, and from all of whom we could procure a certificate of the highest commendation.

**B. A. Fahnstock's Vermifuge.**  
 A Sure Remedy for Worms.

It has met with a success hitherto unparalleled. RURAL GROVE, Butler co., Pa. July 29th, 1846.

ABOUT ten days ago, a boy, belonging to one of my neighbors, and who had been ill for a week or more, was seized with spasms, and had four severe fits within twenty-four hours. His parents administered two doses of B. A. Fahnstock's Vermifuge, when he passed one hundred and three large worms, and obtained complete relief.

JOSEPH BUNNINS, Merchant. BALDWIN TOWNSHIP, Allegheny co., Pa. April 30th, 1846.

Mr. Fahnstock: Sir—This will certify that I gave my child aged two years, three tea spoons full of your Vermifuge, upon which it discharged eighty-five large worms. I had previously called in a Physician, who, however, did no good; but the Vermifuge gave immediate relief.

Certificate of the Mayor of Lancaster, Pa. LANCASTER, July 3, 1846.

Messrs. Fahnstock & Co.—Gentlemen: Several of the younger branches of my family laboring under symptoms indicating worms, induced the application of various remedies, and I am happy to say that your Vermifuge had the desired effect of, in one instance, removing the almost incredible number of one hundred and fifty-one of the largest worms, from one patient, which, in addition to its other beneficial qualities in my family, established the efficacy of your Vermifuge as a sure cure.

M. CARPENTER, Mayor of the city of Lancaster From the Louisville Journal of April, 1846.
